

Task Order Solicitation Number 05-0001-13
Questions and Answers

- 1) Question: Will more than one award be made for this solicitation?
Answer: The Government intends to make one award from this solicitation.
- 2) Question: Is an offeror required to bid on the entire Statement of Work (SOW) or may the bid cover just a portion such as support for Defense S&T Reliance?
Answer: The offeror is required to bid on the entire SOW.
- 3) Question: Is an offeror required to have the required security clearance prior to bidding?
Answer: The offeror is required to hold the required security clearances prior to proposing.
- 4) Question: Who is the incumbent contractor(s):
Answer: Advanced Engineering & Research Associates, Inc.
- 5) Question: How will the labor be divided between Codes 351 and 353?
Answer: The Aircraft effort will be for 351; the System Engineering for 353; and an overarching effort for Code 35.
- 6) Question: Evaluation Criteria (Section 6.1 Technical Factors) discusses evaluating the Management Plan. The Proposal Requirements (Section 5.1 Proposal Format) does not address a Management Plan. Please clarify. Is there a Management Plan requirement?
Answer: Contents of Section 5.1 describe typically what would be in a Management Plan. There is no required formal Management Plan format.
- 7) Question: Can Prime contractors team with other Prime contractors in responding to this solicitation?
Answer: Award will be made to only one entity identified as an "awardee" under CLIN 0001. The prime contractor may propose to subcontract or partner with whomever they deem necessary to successfully execute the effort (See Section 4.6)
